

Pizza Delivery
Performance Dashboard

In the world of food, pizza is more than just a dish — It's a global phenomenon that brings people together. But every delivery has data that gives you a good look at sales, customer behavior, and how things are done. This dashboard is great for turning raw numbers into clear insights.

Revenue	Total Orders	Avg. Order	UPT	Is Delayed
\$10,272,20	816	\$12,59	1	26%

Order Time 01.01.2023 00:00:00 bis 31.12.2025 23:59:59
